

JIRAT PANUNTA

Computer Science Intern

Address: 139/37 Phahonyothin Road, Mae Tam Subdistrict, Mueang Phayao District, Phayao 56000, Thailand
Phone: 094-876-0595
Email: panuntajirat@gmail.com
GitHub: [jirattong.github.io](https://github.com/jirattong)

SUMMARY

An adaptable Computer Science student with foundational knowledge in application development and hands-on project experience. Seeking a rewarding internship opportunity to expand my technical expertise and gain practical industry insights. Dedicated to continuous self-improvement and ready to acquire new skills to support team goals

EDUCATION

Bachelor of Science (Computer Science)
University of Phayao — School of Information and Communication Technology (2023 - current)
GPA: 3.68

High School Diploma in Arts-Language (English)
Phayaophitthayakhom School (2020 - 2022)
GPA: 3.93

PROJECT

Rally Application – Real-Time Pose Analysis Mobile Application for Remote Device Control | 2024 - 2025

- Designed and developed a cross-platform mobile application using Flutter to manage user interfaces and handle real-time mobile camera feed capture.
- Integrated Google ML Kit Pose Detection API to track and analyze real-time human skeletal coordinates via the device camera stream.
- Integrated K-Nearest Neighbors (KNN) algorithms and a 3-State Machine framework to differentiate and validate real-time user-defined gestures.
- Integrated Firebase Realtime Database to facilitate low-latency, real-time command transmission and secure user-defined gesture datasets.
- Applied ROS TurtleSim simulation to test command transmission, translating recognized gesture data into velocity commands to control a simulated robot in a 2D environment.

WORK EXPERIENCE

Makro (Part - time) | March 2025 - May 2025

OCS (Outsourced Customer Sales)

- Picked and packed dynamic customer orders efficiently via the Makro PRO application and alternative ordering channels.
- Verified order accuracy and proactively coordinated with the delivery department or contacted customers to resolve stockout issues.
- Managed and processed invoices, tax receipts, and internal inventory transfer documentation accurately.

SKILLS

- Mobile & UI Development:** Cross-platform mobile application development using Flutter (Dart) and UI/UX prototyping via Figma.
- Programming Languages:** Dart, Python, C, C++
- Technical Tools:** GitHub, VS Code, Microsoft Office, Canva, Figma
- Soft Skills:** Teamwork & Collaboration, Technical Documentation, Effective Communication, Problem-Solving, Time Management
- Languages:** Thai (Native), English (Basic Working Proficiency: Competent in reading/writing, basic conversational)
